

# PHOTON QUICK REFERENCE

## TERMINAL SCREEN

- A Padlock.** Enables a screen saver. Touching anywhere on that screen will disable that screen saver.
- B Information Box.** Includes your retailer ID, which is your unique identifier.
- C Inbox.** Recommended that new mail is read by the retailer upon receipt.
- D Birthdate Stamp.** Anyone purchasing lottery tickets must be 18 years or older, and the day they were born must display a date later than the one shown here.
- E Navigation.** You can access Online Games and Financial Reports.
- F Sign On.** Use your retailer ID and PIN to login to the Photon.
- G Reboot.** Shutdown and restart your Photon here.
- H Transaction History.**
- I Terminal Maintenance.** Restricted to your Intralot Service Technician (IST).
- J Change Skin.** Photon personalization.
- K Important Contact Information.** Access to important and helpful resources to assist you with your Photon.
- L Training Mode.** This allows you to practice, demonstrate, or test features on your Photon without it affecting your live production or live inventory. The only things you cannot do in training mode are pay out and validate tickets. Use the retailer ID and PIN number 9999 to enter Training Mode.

- M Shopping Basket.** When this is turned on, it allows you to see the entire purchase before the transaction is complete. It also allows you to edit the transaction and communicate the price before purchase. When this is off, once you select and confirm a ticket, the ticket will print out immediately. *Once a ticket is printed it CANNOT be changed or canceled.* It is recommended to keep the shopping basket on to double-check purchases.
- N Help Video Files.** Contains helpful videos about Responsible Gaming and equipment tutorials.
- O Sell Limit.** Max amount a customer can purchase in one transaction.
- P Win30 Barcode.** Generates a ticket with a barcode that can be scanned by the Win30 Vending Machine to access the Service Menu.
- Q LSR Sign On.** Opens Lottery Sales Representative functions. Only for LSR use.
- R Additional Game Prompt.** Allows an upsell pop-up when completing a purchase with a consumer.
- S Equipment Status.** Indicates whether equipment parts need troubleshooting, service, or are running smoothly.

For questions regarding the Photon, please contact your LSR. For equipment service, please call **(844) 806-8930**
