

# FREQUENTLY ASKED QUESTIONS

Get Fired Up with HotWins®, the newest game from the Illinois Lottery. HotWins is an action-packed game with a new drawing every 4 minutes (except during Night Mode hours), meaning more chances to play and win for your customers. All they have to do is pick up to 10 numbers they want to play from 1 to 80, select their wager amount (\$1, \$2, \$5, or \$10), and the number of consecutive draws they want to play (from 1 to 15). Players can purchase HotWins from a retailer through the Photon terminal or an Illinois Lottery vending machine. This FAQ will help you navigate some of the questions you or your customers may have about HotWins.

## ABOUT HOTWINS

### What is HotWins?

HotWins is a new game designed to transform the Illinois Lottery in the retail space. With drawings every 4 minutes, except during Night Mode hours, HotWins adds to the player experience and provides the potential for a new revenue stream and additional foot traffic for retailers.

### How do you play HotWins?

HotWins tickets can be purchased in-store anywhere Illinois Lottery tickets are sold. Filling out a HotWins playslip, communicating to a retailer, or using an Illinois Lottery self-service terminal, players must:

1. **Select 1 to 10 numbers from a field of 1-80.**
2. **Select their wager amount per draw: \$1, \$2, \$5, or \$10.**
3. **Select the number of consecutive draws: 1-15.**
4. **Hand their completed playslip to the retailer to receive their ticket, if using a HotWins playslip.**

### How do you determine the total cost of the ticket?

The total cost of a HotWins ticket is dependent on the wager amount and the number of consecutive draws a player chooses. How many numbers a player selects from 1-80 does not affect the total ticket cost.

*Example: \$2.00 HotWins ticket for four (4) numbers and three (3) draws is  $\$2 \times 3 \text{ draws} = \$6.00$  ticket cost.*

### Where can players purchase a HotWins ticket?

Players can purchase a HotWins ticket at any Illinois Lottery retailer location. To find a local retailer visit [www.illinoislottery.com/store-locator](http://www.illinoislottery.com/store-locator).

### Where can players watch a live drawing?

Players can watch the live drawings every 4 minutes, except during Night Mode hours, at any retailer location with an Illinois Lottery TV monitor or

GameStation machine. The Win30 and DTS vending machines will only display the results.

### At what time do HotWins drawings occur?

HotWins drawings occur every 4 minutes, 7 days a week, except during Night Mode hours.

### What is “Night Mode”?

Night Mode is a time in which no drawings will be taking place (3:00 AM - 6:00 AM CT). Players can purchase tickets during Night Mode, though tickets will start with the next draw after the Night Mode window. Players can also purchase a multidraw ticket, with draws taking place both before and after Night Mode.

## PROMOTING AND SELLING HOTWINS

### Why should I promote and sell HotWins?

HotWins is the new and exciting game from the Illinois Lottery! Not only can the addition of HotWins transform and enhance the retail setting, it can add entertainment to the player experience. For the retailer, it may provide a new revenue stream and additional foot traffic.

### Can I pre-sell HotWins tickets?
