SEPTEMBER 24 – 30, 2017

# Lucky Day LOTTO

DOUBLE DAYS

Players purchasing a Lucky Day Lotto ticket during the promotional period could **double their winnings!**

Randomly selected tickets will be flagged, and tickets will have **“Doubler Ticket”** printed on them. If the player then matches his or her numbers to the draw, that prize division is **doubled.**

Promotion applies to non-jackpot prizes only. Does not include EZmatch. Double Wins are randomly distributed during the promotional period. Players must first match their numbers to the draw numbers in order to win a prize.

Lucky Day Lotto tickets purchased at an Altura or Gemini (self-serve machine) between 3:30 a.m. Sunday, September 24, 2017 and 2:00 a.m. Saturday, September 30, 2017 will be eligible for the promotion.

Lottery sales have gone up since we had a big winner,” said Assistant Manager, Majid Ali.

## Staff Training

A critical and often overlooked component of ensuring ADA success is comprehensive and ongoing staff training. You may have established good ADA policies, but if front line staff are not aware of them or do not know how to implement them, problems can arise. Businesses of all sizes should educate staff about the ADA's requirements.

Staff need to be versed in communicating with and assisting customers, accepting calls placed through the \*relay system, and should understand the requirements on modifying policies and practices. Many local disability organizations, including Centers for Independent Living, conduct ADA training in their communities. The Department of Justice or the ADA National Network can provide local contact information for these organizations.

\* The ADA defines relay services as telephone services that enable people who are deaf or hard of hearing, or who have a speech impairment, to communicate with a person who can hear in a manner that is "functionally equivalent" to the ability of an individual without a disability to communicate by telephone.
